Enriching Lives Everyday

GEORGIA TRANSPLANT FOUNDATION PROGRAMS & SERVICES

FINANCIAL ASSISTANCE

Emergency Assistance

Assists in a crisis situation and offers transitional support for emergency needs that are not medical in nature but have a direct impact on the survival, health and well being of the transplant recipient.

Housing Assistance

Helps with temporary housing costs while one is away from home seeking transplant related care. This must be pre-approved and is subject to a daily maximum.

Dental Assistance

provides grants to both pre- and post-transplant clients to assist in accessing appropriate dental care directly related to transplant needs. All dental care must be pre-approved.

Insurance Premium Assistance

Provides financial assistance for the cost of an individuals insurance premiums for a limited time for candidates/recipients not covered by Medicare.

Living Donor Assistance

This program provides assistance based on need to living donors for financial hardships created by their donation. This must be pre-approved prior to donation.

Temporary Medication Assistance

Helps recipients obtain medications by providing financial support on a limited basis to allow time for a permanent plan for medication needs to be implemented.

TRANSPLANT FUNDRAISING PROGRAM

The Transplant Fundraising Program (TFP) is offered by the Georgia Transplant Foundation to assist transplant candidates and recipients in preparing financially for the ongoing costs of transplantation, specifically medication costs. GTF offers personal accounts, account management, fundraising classes, and a personal web page to be used for fundraising. The Transplant Fundraising Program includes **Access to Care** and **Transplant Savings Accounts**.

JUMPSTART

JumpStart provides the tools and information necessary to transition to employment. Through strategic partnerships, JumpStart is able to meet individual needs and refer clients to resources that support the transition to employment. The JumpStart **Apprenticeship Program** allows clients to receive hands-on experience in a variety of work settings through a part-time apprenticeship.

TRENDS IN TRANSPLANT CONFERENCES

One-day conferences hosted in cities across Georgia that provides information on medical issues related to wellness and transplantation, as well as updates on transplant resources.

MARRIAGE RETREAT

An opportunity to share experiences, develop skills and increase understanding and commitment to each other, recognizing the stress that transplant can bring to marriage.

THE MENTOR PROJECT

Trained recipients living successfully with transplant offer hope and encouragement to those who are facing transplant. Mentors are available for candidates, spouses, living donors and family members.
